NOTES:

- This song is in 6/8 or 'march' time, which means a strong beat followed a weaker beat in each 'bar' or 'measure' – Count ' **1** – 2 – **1** – 2 ' as you play. (In fact, it is **1**-2-3-4-5-6 ... but you only really feel the 1 and 4!)
- The chord name is placed on the first beat each time, followed by a stroke to indicate your strum. (The chord names and strums have been carefully placed above the appropriate syllables in the song.)
- To start the song, strum the 'C' chord and then pluck the 5th string (where your 3rd finger is pressing the 3rd fret) to get your starting note.
